This is the last word I have from Kurt. We haven't been in the office together to talk about his conversation.

Bernie:

I just spoke to Vera Scroggins. I will let you know what we spoke about tomorrow. Vera is a volunteer "Citizen Watch Dog" for Susquehanna County. When I spoke to her, she had just finished a tour of the area surrounding the Condensate Tanks which are the source of the emissions that

are referenced in the email. She did not realize that the Wikes-Barre office had a "tip and complaint" coordinator who handles complaints. When she contacts PADEP, she writes to people in the Central Office. The complaints eventually get up to Wilkes Barre or the Marcellus Shall staff.

Kurt

I have a call into Vera Scroggins (bottom of email). The 570 number is always busy, I finally left a voice mail at the 607 number earlier today and am waiting to hear back from her.

Please see email below with a complaint about emissions that apparently have been reported to PADEP with no resolution. Citizens say that they contacted EPA (no specifics about who), but got no response. Can you look into this? Contacts for citizens are contained in email.

A little background: these citizens are part of group that have been pushing for a "Susquehanna River Forum" to address concerns about impacts on the river from fracking/extraction activities. Region III recently hosted a forum on the Delaware River that focused on protection of the resource as a drinking water resource and among other things, fracking was discussed. This group is pushing for a similar forum for the Susquehanna. They are writing and calling the Administrator and the RA on an on-going basis.

Re: [NEPA Gas Action Planning] emissions making people sick from the gas well site in Dimock, Carter Road **Subject**
:

I contacted ~8 different EPA depts yesterday, no reply from any.
Videos were included in the emails.

hi, all,

the emissions from the condensate tanks next to [Ex. 6 - Personal Privacy]
[Ex. 6 - Personal Privacy]
on Carter Road in Dimock
making them sick--
nosebleeds and headaches and breathing problems--

this is running now, emitting during the night;

we have infared photos of the emissions--

can call **Ex. 6 - Personal Privacy**

Ex. 6 - Personal Privacy

for more info--

we have complained to the DEP;

this has been going on for many months, year;

any help with media investigation of this appreciated.
